THE LEADING PERFUME OF THE AGE!

From Fresh Culled Flowers,

MURRAY & LANMAN'S

CELEBRATED

Florida Water.

This exquisite Perfume is prepared direct from Bloom ing Tropical Flowers, of surpassing fragrance. Its aroma is almost inexhaustible; while its influence on the SKIN is most refreshing, imparting a Delightful Buoancy to the overtaxed Body and Mind, particularly when mixed with the water of the Bath. For

Fainting Turns,
Nervousness,
Headache,
Debility,
And Hysteria,

It is a sure and speedy relief with the very elite of Fashion; it has for 25 years maintained its ascendancy over all other perfumes, throughout the West Indies Cuba, Mexico and Central and South America, and we confidently recommend it as an article which, for delicacy of flavor, richness of boquet, and permanency has no equal. It will also remove from the skin

Roughness,
Blotches,
Sun Burn,
Freckles,
And Pimples.

It is as delicious as the OTTO OF ROSES and lends freshness and beautiful transparency to the complexion. Imparted with water it makes the best dentifrice, imparting a pearly whiteness to the teeth; it also removes all smarting or pain after shaving.

COUNTERFEITS,

Beware of Imitations. Look for the name of MURRAY LANMAN on the bottle Wrapper and ornamental label.

LIQUOR CARBONIS DETERGENS

OR

Concentrated Alcoholic Solution of the

Constituents of COAL TAR

[Extract from the Lancet, Dec 22, 1866.

LIQ CARBONIS DETERGENS—We are very sceptical of the value of new remedies, and it was in a spirit of scepticism that we tried the liq. carbonis detergens. It is represented to be a concentrated alcoholic solution of the constituents of coal tar, and to contain all the active ingredients of the tar, to wit, benzine, naphthaline, and phenic acid. The addition of water, with agitation, makes a durable emulsion, in which the tar remains in a state of fine suspension, almost equivalent to solution. Our therapeutical experience of the preparation is very satisfactory indeed. In our hands it has been a most effective agent in the case of various skin diseases, especially of the coronic eczematous class; and one case of psoriasis which had resisted all other kinds of treatment speedily got well under the application of the liq. carbonis detergens. We esteem it a very valuable addition to our list of skin remedies, and worthy of a very extended trial by the profession. In the above classes of disease, and in various others such as fetid ulcers, etc., the preparation is put into the form of soap.

PURE COAL TAR SOAP

(Registered as Sapo Carbonis Detergens.)

This Soap is unrivalled as a

as proved by abundant medical testimony. By daily use infectious diseases are prevented, and a clear and healthy appearance imparted to the skin.

For Sale, with the Crop,

TWO-AND-A-HALF ACRES of Land now planted with potatoes, situated in the District of Victoria, being a part of the Oakland Estate. This piece of land sold in January, 1863, at public auction, for the sum of $425. The improvements made upon it this Spring are a substantial board fence and a shanty, costing, including the expense of planting, nearly $300. The soil is good. The shed can be converted into a kitchen or stable: water can be obtained in any part of the field by sinking from 10 to 20 feet. Any one wishing to make an orchard, no more desirable location could be selected. The distance from the centre of the town is about 1½ miles, and can be walked with great ease in 20 minutes.

The Grouse Creek Difficulty.

Mr Needham's position on William Creek is a delicate and trying one; but we believe that he is fully capable of meeting and overcoming any difficulties that may beset the path of his duty. In face of the decision of Mr Judge Begbie—that there was no appeal from the decision of the Gold Commissioner—the Chief Justice decides that there *is* an appeal; that the Grouse Creek cases should have been heard on their merits; that the objections to an appeal were merely technical; that he has the power to try and will "try the cases on their merits;" and that in order to do so he will "alter the rules of the court and allow any notice that will be compatible with justice to be given by either party." The remarks of the Chief Justice appear to have been well received by the people on the creek, and his dignified demeanor and impartiality will, we doubt not, exert considerable influence in restoring to our most cherished institution that *prestige* which the recent wild goose chase of the Governor exerted so powerful an effect in weakening. After consultation between counsel, it was decided that the cases should come before the court in the form of writs of ejectment. The hearing was fixed for Monday last, and the decision is awaited with breathless anxiety by residents in this part of the Colony. Than this case none ever tried here has occupied so large a share of public attention or evoked so deep a feeling of interest: and we rejoice that there is now a fair prospect of having it finally set at rest, but at the same time we deprecate and detest the means that were adopted to effect it, when a manly, straightforward and dignified policy would have attained the same object without the sacrifice of a principle or the wounding of the feelings of a single subordinate officer of the Government. We believe that Chief Justice Needham will perform his duty, as he has ever done, fearlessly and conscientiously; and the parties to the suit may rest assured that the cases will be decided 'upon their own merits" in accordance with the facts brought out in evidence. Whatever may be the decision we are prepared to accept it as correct, and so far as we are concerned shall allow the scandalous case to sink into that oblivion from which, but for the ill-advised proceeding of Mr Seymour, it would scarcely have emerged.

EDITOR BRITISH COLONIST:—Permit me to give you a few 'items' concerning the beautiful and productive Lillooet valley. They may be of little interest to many of your renders—but we are so little known about, and by our Government so little cared for, that we feel justly proud of our perseverance and industry under existing circumstances, and desire to let the people of British Columbia, as well as the "Canadian gentlemen," know what we have been doing and what we intend to do. But I trust that the glowing prospect may not excite the "gentlemen's" jumping proclivities, or lead them to expect as easy a conquest in our district. We have a magistrate—the Hon. E. H. Sanders, Esq—who has the entire respect and willing support of all the residen s, and in case of a like occurrence here, we would soon jayhawk all such sparrow-hawks—according to law—you bet! We have been jogging along slowly but surely, without making much fuss or receiving many favors from the Governor and council—making permanent improvements in farms and facilities for growing stock. Our calls on the Treasury have been very limited. Less than seven hundred dollars were expended on our road to Clinton this season—a very insignificant sum, considering the revenue collected in the district We have had no local government improvements, so long allowed and expected, notwithstanding that our magistrate's dwelling is so badly situated, so contracted and unsuited. Our jail is unfit for a savage to occupy, open to every wind that blows. Thank heaven! we have no desperadoes;—confinement in the Lillooet jail would be a farce, unless evildoers *consented*.

The season has been backward and cold; but our crops have all matured and most of them are harvested. The big threshing machine is at work and our flour mills are making an article of flour which we guarantee to be equalled only occasionally and never excelled.

Mining by a few white men and numbers of Chinese and Indians is being carried on above and below us on Fraser as well as on Bridge river. Farmers are extending their bounds and we are a fixture here. Whether Uncle Sam spreads his wings over us or not, we would accept any rule save misrule, hoping a change to be beneficial.

This effusion may reach you in two weeks. Our mails depart and are received *via* Clinton. If it is too stale when you get it (you newspaper men must think everything old,) please send it to the Chief Commissioner of Lands and Works, for his individual edification. It will let him know that we have this year grown 1,500,000 lbs of wheat, of an excellent quality; 800 000 lbs of oats and barley; 60,000 lbs of beans; and vegetables innumerable. We shall cure over 30 tons of bacon and make *hiyou* whiskey when Messrs. Sproat & Royer get up their whiskey-making fixings. In season we revelled in lots of melons, tomatoes, apples, corn, currants, pears, plums, cherries, grapes, etc, such as cannot be grown in British Columbia outside of our Lillooet valley. We will produce next year at least 50 per cent more of everything, and keep increasing year after year.

This is a good country and only needs a little retrenchment and a little reconstruction to make it a great one.

Roads in Victoria District.

EDITOR COLONIST:—Can you inform me who is attending to the roads in Victoria District? There is a bridge near the Solicitor General's residence, which is in such a state that no vehicle can pass over it. The road taxes are collected most religiously; but no repairs have been made since the death of the late Superintendent of Roads, Mr Pidwell.

EXCITING SCENE AT A MENAGERIE.—A group of eight rattlesnakes, says an English paper, which had been landed at Liverpool, were purchased by Wm. Manders, and were first exhibited by that gentleman at Northampton. As the box in which the snakes had been brought over was to a certain extent unsafe, Mr Manders had a stout case expressly manufactured for their reception. The keeper who attends the reptile department of the menagerie, put a large pan on the coke fire which stood in the centre of the menagerie. During the time the pan was heating he proceeded with his work, and at length he took the case containing the rattlesnakes out of the box, and commenced cleaning the exterior. While he was so engaged the spring latch of the door at the side of the case became detached and the door dropped down. At this moment the water in the pan boiled over, and the keeper rushed to the fire to remove the pan, incautiously leaving open the door of the rattlesnake case. On his return to resume work he saw that one of the largest of the snakes had escaped from the case and was peering about, hissing in a terrible manner and shaking its rattle. The man closed the open door of the case and warned his companion. A panic seized the man, and with the greatest difficulty an elderly man named Frank Godfrey prevailed on some of them to remain in the enclosure and endeavor to recapture the fearful reptile. Arming themselves with shovels, forks, scrapers and brooms, the keepers, under the direction of Godfrey, proceeded towards the snake. The reptile during these preparations remained perfectly quiet, but on the approach of the keepers leisurely proceeded up the centre of the enclosure, hissing fearfully all the time. It did not appear to notice any of the occupants of the numerous dens and cages until it came to the caravan containing the bonassus, a species of buffalo—an immense animal, weighing upwards of two tons. On arriving opposite this caravan the rattlesnake paused for a moment and then made a spring, fastened on the bonassus, and bit it in the left nostril. The reptile then let go its grip, and shaking its rattles, glided through an opening between two of the caravans, where some of Mr Mander's grooms were filling a cart with straw. To this cart was attached one of the finest studs belonging to the establishment. The rattlesnake fastened on the off fetlock of the horse, which immediately reared and plunged to such an extent as to shake the reptile off, and before it could move away it was crushed to pieces beneath the hoofs of the horse, which died in frightful agony. Meanwhile the bonassus was in such an infuriated condition that the doors of his den had to be put up and securely bolted, and shortly afterwards it died.

RUIN OF JAMAICA.—The condition of Jamaica is the theme of a private letter printed in the *Pall Mall Gazette* which gives a sad picture of the continuous decline of that once flourishing and wealthy island. The writer, who is an old resident, says he "never knew Jamaica in such a state of despondency. None of the better classes—no educated person—would remain if they could manage to get away. The country is deeply in debt; no effort is made to develop her resources, and taxation is largely increased" Regret is expressed that the colonists no longer possess "anything like self-government." One of the parishes, that of St. Ann's, which in 1840 contained thirty sugar estates, now has thirteen, and of these several are on the point of abandonment. Of fifty-three coffee estates, there are only four remaining. There is no market for horses, mules and cattle. The principal crop, pimento, promises to perish ungathered.

SPECIAL TO THE DAILY BRITISH COLONIST

LAST NIGHT'S DESPATCHES

Eastern States.

BOSTON, Sept. 25.—The remains of Sir Frederick Bruce were sent to England by the steamer China.

Europe.

NEW YORK, Sept. 25.—The *Herald's* special says Garibaldi was conveyed to Fort Alexandria, and the arms and equipments intended for the troops were all seized. The Italian Government is determined to prevent the invasion of the Papal Territory.

It is said Paris is greatly excited over the news of Garibaldi's arrest

FLORENCE, Sept. 25.—The Italian Cabinet has determined to prevent the invasion of the Papal Territory, and to maintain the articles of the convention with France and other parties guaranteeing the integrity of the Papal Dominion, and prevent Garibaldi's plan against Rome. He was seen at Singoglin, 16 miles north west of Ancona. Here he was summoned to retrace his steps under the King's recent proclamation; he refused and was immediately arrested and conveyed to Fort Alexandria. His Italian volunteers were also made prisoners. Intense excitement prevailed.

ROME, Sept. 25.—The city is greatly excited; the Papal troops, including the Legion of Antibes, are on the alert.

TOULON, Sept. 25.—A number of transports and war vessels are assembled here to be ready to convey French troops to Italy.

Oregon.

PORTLAND, Sept. 27.—The schooner Crosby sailed for Port Townsend last evening.

The steamer Sierra Navada sailed for San Francisco last evening.

California.

An Indian fight took place near Fort Klamath this week. An Indian Chief, Chocktoosh, and 20 or 25 warriors, were killed and 15 taken prisoners. None of the soldiers were hurt.

Second Despatch.

Cuba.

NEW YORK, Sept 26.—At Havana Captain General Mozanea died of typhoid fever. The body has been embalmed and is lying in state. Balmseda has been sworn in Provisional Captain General. The whole city is in mourning.

Europe.

LONDON, Sept 25—Intelligence was received from Dover of such a nature as to lead to fears of an attack on that place by Fenians. Arms have been sent and precautions taken against the attack.

FLORENCE, Sept 25.—When the news of Garibaldi's arrest became known his partisans in this city were greatly exasperated. Appearing in the streets in crowds they made turbulent demonstrations of sympathy for their leader. These manifestations developed in riot; but the disturbance, though threatening, was suppressed by the firmness and prompt action of the Government. All Garibaldian volunteers were compelled to disperse. The King issued a proclamation, saying it was the faith of the Government, pledged in treaties with foreign powers which exacted the painful duty of arresting Garibaldi, the acknowledged leader of movement in direct violation of these treaties. Government has offered to send Garibaldi home to Caprera, or will free him from all restraint if he will give parole not to engage in further hostilities against Rome.

The Paris *Moniteur* and official and semi-official journals praise the firmness of the king in maintaining faith. They say the conduct of the Italian government affords another strong guarantee of the peace of Europe.

Eastern States.

PHILADELPHIA, Sept 26.—Sheridan arrived yesterday and was formally welcomed to-day. The gathering was tremendously large, and the greatest enthusiasm was manifested. The Mayor delivered the welcoming speech. Sheridan merely returned thanks for the honor, regretting his inability to more appropriately express his gratitude. The crowd then filed past, shaking the general's hand.

India.

The overland mail brings newspaper dates from Bombay to June 24, and Calcutta to June 19.

The state of the public health in Bombay continued very satisfactory. So little rain had fallen up to June 21 as to render it doubtful if the monsoon had really burst. Since then the fall had been heavy, and the temperature was in consequence greatly reduced.

The Bombay government is said to have received intelligence of the death of one, if not two, of the British captives in Abyssinia.

A meeting of the shareholders of the Bank of Bengal was held on the 17th of June, at which a resolution was unanimously adopted in favor of amalgamation with the Bank of Bombay. It is understood, however, that government will not sanction amalgamation until satisfied that the reconstruction of the Bank of Bombay is impossible. The banks of Bombay and Bengal had both reduced their rates of discount one per cent during the fortnight. At Bombay the rates are seven per cent on government paper and nine per cent on mercantile bills. The Bengal rates one per cent lower.

The application for shares in the Commercial Bank have been so very limited in Bombay as to render the resuscitation of the bank hopeless, unless a large proportion of the shares are taken up at home.

The second expedition to the Andaman Islands to ascertain the fate of the captain and seven of the crew of the ship Assam Valley had discovered that the unfortunate men were murdered.

The son of the King of Burmah has been executed on an apparently unfounded charge of conspiracy against the King.

The Rajah of Chumla has issued a proclamation giving toleration to Christianity in his dominions, and forbidding any persecution or annoyance to any of his subjects who may become Christians.

A vein of silver has been discovered in the Sir Kheence hills, in the native State of Rewa. The Maharajah has given orders for the commencement of mining works.

The latest accounts received at Calcutta relative to the famine in Orissa were less satisfactory. An appeal had been published asking for £30,000 to support fifteen hundred children who have been left orphans by the famine. A native gentleman had offered £1,000 to the famine fund, provided that nine others subscribe each a similar amount.

THE THREATS TO ASSAULT AT BELMONT.—George Hawkins and Arthur Peatt were arraigned before Mr Pemberton yesterday upon a charge of threatening to assault ex-Chief Justice Cameron. Mr Bishop appeared for the defence. From the information of Mr Cameron, it would appear that the two men came to Belmont to inquire relative to some pigs belonging to them which had been maimed. Hawkins held a gun in his hand and told the ex-chief that if he knew any of the parties who had injured his pigs he had a remedy in his own hands and would not fail to use it. Hawkins then called complainant a mean, low scamp, and was very violent, and was finally ordered to leave. Mr Bishop said his clients had been out gunning and merely called to inquire relative to the maimed stock. They used no threats and meant no harm to Mr Cameron. If that gentleman would say he was afraid of bodily harm from the defendants they would submit to be bound over to keep the peace; but if the case was pressed, the defence would prove that Mr Cameron had killed stock and had acknowledged it. The complainant then made a statement in which he stated that his only object was to put a stop to the trespasses of stock belonging to the defendants. Their stock was turned loose as though the defendants expected them to fatten on other people's crops. The whole district was complaining of depredations from the hogs belonging to the accused. Their object was to frighten him—he had no doubt of that. Peatt said nothing, but his silence showed that he assented to all Hawkins said. Mr Bishop alluded to the previous good character of the defendants. Mr Cameron said he had brought this case forward on public grounds alone, and would be satisfied if they retracted their offensive epithets and entered into their own recognizances to keep the peace towards all Her Majesty's subjects. The magistrate made a few pertinent remarks and ordered each of the defendants to enter into his own recognizances in the sum of $500 to keep the peace for one year—in default, two months' imprisonment. Mr Bishop gave notice of appeal.

A DECIDED PREFERENCE—The other day the telegraph bark Palmetto wanted to sail from Esquimalt for New York; but she was short-handed and couldn't. The captain scoured the town, but failed to find the men necessary to complete the complement. At length he had recourse to the chain-gang. He was introduced to several of the most distinguished long-time men, but only one of the lot appeared physically capable of performing the duties of a sailor. He is a great scamp and is sentenced to three years' imprisonment with hard labor. To him the captain addressed himself. The inducements were a free pardon, good wages, an advance, and liberty on arriving at the vessel's destination. The convict, jumping at the offer, consented to go, and was preparing to doff his prison garb for one more becoming the duties he had agreed to assume, when he paused and scratched his head, "By the way, captain," said he, returning, "I forgot to ask where's the vessel agoin' to?" "To New York," replied the captain, innocently. "To New York!" retorted the other; "then I'd rather stay here. This chaingang's bad enough; but 'taint a circumstance to New York." No persuasion could induce the convict to change his mind, and the captain departed without his man.

MELANCHOLY ACCIDENT—A LITTLE GIRL DROWNED IN A WELL.—A sad accident occurred yesterday afternoon on Quadra street. A little girl of James Ure, aged 21 months, was given a piece of bread and jam by its mother and went into the yard to play. A few minutes afterwards she was missed, and upon search being made by the mother, a loose board that usually covered the well was found to have fallen into it, and the body of the child was seen floating in the water. Willis Bond, a neighbor, succeeded in raising the body in a short time, and the usual restoratives were applied; but the vital spark had fled. The little thing is supposed to have sat down on the board, which gave way beneath the weight and precipitated her into the water. Parents and others having children in charge cannot be too careful in securing the mouths of wells.

THE ERUPTION—The burning mountain across the Straits continues to emit dense volumes of smoke and flame, which are viewed nightly from the commanding heights in this vicinity. The scene of the eruption is located some sixty-five miles distant from Victoria in a southerly direction, and about in a line with the head of Hood's Canal.

PUNISHING INSURANCE FRAUDS.—The London *News* says: The frauds on insurance by scuttling ships are not confined to England. We have before us the full report of the trial at Singapore of the owner, master and mate of the Erin for sinking the vessel on a voyage from Hongkong to Bangkok. The vessel had been very heavily insured in the local offices and carried but a small cargo, and the evidence showed that she could not have stowed the goods named in the manifest. After five days' trial the jury convicted all three prisoners. The captain (Stewart) and owner (Scott) were sentenced to penal servitude for life, and the chief officer to five years' imprisonment. The severity of the sentence created a deep sensation.

THE WEEVIL.—Our attention has been called to the presence of the weevil among a quantity of wheat recently imported to this city from California, and which has been extensively sold on the Island. Every precaution should be taken to guard against the introduction of this troublesome insect, which has been known to destroy the entire wheat crop in other countries and to force the farmers to adopt the starving out process by not sowing wheat for several successive years before it could be finally got rid of. Examine all foreign wheat closely before purchasing.

THE institution of life assurance is at length about to receive in France its official consecration. By the terms of a bill laid before the Legislative Body some days before it broke up, there is to be instituted, under the guarantee of the State, a Caisse d'Assurances, to pay on the death of each assured, to his heirs or assigns, a determinate sum which cannot exceed 3,000f. To this creation is annexed a similar one for accidents resulting from agricultural or manufacturing labors

JEWISH NEW YEAR.—The Jewish New Year commences on Sunday Evening at 6 o'clock and will last until Tuesday evening at the same hour. Business during the 48 hours will be suspended by our Jewish fellow-citizens.

THERE is a report afloat that Mr Beghie has resigned, or that he is about to do so. At any rate, after what has transpired at the minds with reference to the Grouse Creek case, he can never again sit upon the Supreme Court bench in that section.

PERFORMANCE AT THE THEATRE.—Mr March announces a performance at the theatre on Wednesday evening next, under the patronage of Admiral Hastings and Officers of H. M Fleet. The entertainment will be varied and attractive.

A MAIL COMING.—The Panama steamer arrived at San Francisco on the 22d inst., and as the John L. Stephens sailed for this port on the 26th, it is reasonable to suppose that she has our mail aboard.

SAILED.—The bark Palmetto, laden with telegraph wire, sailed for New York yesterday morning. The ship Anna Dorothea, laden with Burrard Inlet lumber, sailed for Australia about the same time.

THE J. L. STEPHENS.—This steamship will not enter Esquimalt harbor. She will merely call off the harbor for passengers only, and will coal at Nanaimo.

THE steamship Oregon, from Nanaimo, with about 800 tons of coal aboard, arrived at Esquimalt last night, and sailed for San Francisco at 4 o'clock this morning.

H. M. S. ALERT will sail on the 10th prox. for the South.

THE Fideliter, from Portland, arrived at 10: last night.

A GOOD MOVE.—J BRUNN & CO. have moved to their New Store, Corner of Yates and Langley streets, between Wells, Fargo's Express and the Bank of British North America. Their New Corner Store is stocked with new and well selected Custom-made Clothing, Hats, Caps and Gentlemen's Furnishing Goods. Their stock and our prices will benefit all. Greenbacks taken at San Francisco current rates at their new Store, near Wells, Fargo & Co.'s Express. 1m*

ONTARIO.

On Thursday morning last, while a number of men were returning from a "bee," in the township of Carden, three of the party were struck by lightning and instantly killed. The names of the unfortunate men were Hagan, Flynn, and Durham, and were, we are informed, residents of the township of Mara, county of Ontario.—*Orillia Expositor*

A gentleman just returned from a business tour through the Upper Province west of Hamilton, says the country looks beautiful, and the crops heavy and good. Some fields of wheat had put on their golden color, and appeared almost ready for reaping. He did not hear a single complaint from farmers.

Joseph Morrow, who has been at Yale College and a New York rough, is now one of the most notorious Italian brigands under the name of Guiseppe Morino.

The Duke of Brunswick is the last of his race. After his death his line one of the oldest in Europe, will be extinct.

PUBLIC SPIRITED.—Young ladies who allow their father's house to be used for a court-house.

THE circumstances attending the death of Madame Musurus, the lady of the Turkish Ambassador, were singular and impressive. Amidst the royal and noble personages of the India house ball the Ambassador of Turkey and his wife occupied the post of honor of the corps diplomatique. Their family were near them. When dancing began one of the Ambassador's daughters was a partner of the Prince of Wales. The scene was brilliant, and happiness shone in every face. Presently the Sultan and the royal personages, with the most distinguished guests, retired to supper; but on the threshold of the room Madame Musurus was taken ill and could proceed no further. She was at once removed to another apartment and became immediately insensible. The ambassadress was, with the approval of of her husband, as quickly as possible carried downstairs and taken home—messengers being despatched for doctors to meet her, and for a hot bath to be prepared. She was removed almost unnoticed, and few of the guests were aware of the serious nature of her seizure. Lady Molesworth took home the young ladies, and remained some time at the Embassy. But nothing could counteract the sudden but fatal blow, and death supervened before science could avail itself of its resources. The Queen immediately telegraphed to the Embassy to express her sympathy and condolence. Dr E. Lankester, coroner for central Middlesex, received information of the death of Madame Musurus, accompanied by a certificate signed by Dr J. C. Forbes, her medical attendant, who ascribed death of disease of the heart, accelerated by excitement. The coroner thereupon deemed an inquest unnecessary.

Amos Lawrence, of Boston, kept a record, during a long life, of all his mercantile acquaintances, and found out that of every hundred who entered busines, 97 failed of success.

Diseases of the Kidneys.—It is said that two-thirds of the civilized inhabitants of the world are afflicted more or less with disorders of the kidney and the liver. Unquestionably kidney diseases have of late years become more frequent and unmanageable, especially in hot climates. Nothing seems to produce such a marked effect upon them as **Bristol's Sarsaparilla.** When the uric and lithic acids are in excess the urinary secretion—and this is the cause of most of the class of diseases in question—the alkaline properties of the sarsaparilla quickly stop the progress of the trouble, while its tonic operation strengthens the relaxed organs and restores their natural action. **Bristol's Vegetable Pills** should be used at the same time with the sarsaparilla, so that the bowels may assist the kidneys in carrying off the vitiated matter set free in the system by the latter medicine.

Blissful Ignorance.—According to the late Sir Astley Cooper, no man ought to know, from any physical sensation that he has a stomach. Let those who are daily reminded of the existence of the organ, by pain, and all the concomitants of dyspepsia—whose stomachs digest slowly, imperfectly, and with sensations which pen cannot describe, whose whole system do penance under the inflictions of the rebellious member—try, merely try, **Bristol's Sugar Coated Pills.** As surely as they do so, their living martyrdom will be speedily exchanged for ease. They will forget that they have stomachs, save when the appetite, created by the genial stomachic cathartic reminds them that the reinvigorated organ requires a supply of sustenance. There will be no more oppression after eating, pain in the right side, nightmare, or constipation. The cures effected by this pure and incomparable vegetable alterative are complete and radical. They are put up in glass vials and will keep in any climate. In all cases arising from or aggravated by impure blood, BRISTOL'S SARSAPARILLA should be used in connection with the Pills.

For sale by all Druggists. 410

HOLLOWAY'S PILLS—The Perfection of Medicine—Nothing can surpass this restorative of the invalid; let the malady be what it may, or be seated where it will, these fine, purifying Pills will address themselves to its removal and steadily accomplish their purpose. They cleanse the blood, and by that means not only prevent the deposit of unwholesome materials, but stimulate the absorbents to remove all corrupt or worn-out substances. Thus have Holloway's Pills won their way to public estimation, which is obtainable and retainable alone by what is intrinsically good. The significancy of these remarks will be appreciated by thousands who took these Pills as a last resource, and derived from them renovated health, after hope was almost abandoned. 29

A Card for the Dressing Room.—Ladies, your attention is invited to the especial advantages of **Murray & Lanman's Florida Water** over every other perfume. It is manufactured from fresh floral extracts, not from unwholesome chemical combinations intended to counterfeit their odors. Besides being the most delicate and delightful of floral water, it has important sanitary recommendations. Its aroma relieves headache, prevents fainting fits, promotes sleep, and soothes the nerves. Infused into the bath it renders it more invigorating and refreshing. Combined with water it imparts whiteness to the teeth, preserves the enamel, and renders the gums hard and rosy. No other toilet-water retains its fragrance so long after contact with the atmosphere.

For sale by all Druggists. 520

FRENCH MEDICINES IN VOGUE.

BY GRIMAULT & CO.,

Chemist to H. I. H. Prince Napoleon,

49 RUE RICHELIEU, PARIS.

NO MORE COD LIVER OIL

GRIMAULT'S SYRUP OF IODIZED HORSE RADISH.

This syrup is employed with the greatest success, in place of Cod Liver Oil, to which it is infinitely superior It cures diseases of the chest, scrofula, lymphatic disorders, green sickness, muscular atony and loss of appetite. It regenerates the constitution by purifying the blood, and is, in a word, the most powerful deparative known. It never fatigues the stomach and bowels, and is administered with the greatest efficacy to young children subject to humors or obstruction of the gland. At last, it is very efficacious in the diseases of the skin.

No More Consumption.

GRIMAULT'S SYRUP OF HYPHOSPHATE OF LIME.

This new medicine is a sovereign remedy in phthisis and other diseases of the lungs, promptly removes all the most serious symptoms. The cough is relieved; the night sweats cease, and the patient rapidly recovers health.

No More Poverty of the Blood and Pale Complexion,

DRS LERA'S PHOSPHATE OF IRON.

This new ferruginous medicine contains the elements of the blood and bones, and iron in a liquid state. It is different from all hitherto offered to the public, is liquid, colorless and tasteless. It speedily cures chlorosis, pains in the stomach, difficult digestion, dysmenorrhœa and anemia.

The majority of the Academies of Medicine of Paris recommend the Phosphate of Iron to ladies of delicate constitution suffering from anema, and other persons fatigued from over anxiety, nervous emotions, over work, general debility and poorness of blood.

It is the only preparation which never causes constipation and can be borne by the most delicate stomachs.

Nervous Headaches and Neuralgias.

Instantaneously cured by

GRIMAULT'S BRAZILIAN GUERANA.

A vegetable substance, used from time immemorial in Brazil, and entirely inoffensive.

Better than Copahia

GRIMAULT'S CAPSULES AND LIQUID EXTRACT OF MATICO VEGETALIS

Where all other preparations have failed, these preparations will always effect a cure. These insure rapid and extraordinary cure of severe recent and chronic cases of private diseases. They are used in the hospitals of Paris, by the celebrated Dr Ricord, and are found greatly superior to all hitherto known mineral remedies and copaiba and cubebs. The injection is used in recent and capsules in more chronic cases.

DIGESTIVE LOZENGES AND POWERS OF ALKALINE LACTATES

BY BURINDU BUISSON,

LAUREATE OF THE PARIS IMPERIAL ACADEMY OF MEDICINE

This delicious preparation is prescribed by the most reputed doctors in France, against all derangements of the digestive functions, such as gastritis, gastralgia, long and painful digestions, wind in the stomach and bowels, constipation, jaundice, and complaints of the liver and loins.

CURES AND COMFORT FOR THE BED-RIDDEN.

—BY—

Holloway's Ointment.

This wonderful Ointment acts like magic in relieving and curing old sores, wounds, bad legs, ulcers and eruptions of the skin; when rubbed on the surface it penetrates and purifies each tissue on its passage, and exerts the most wholesome influence over the internal structures. It heals by cleansing all animal fluids with which it comes in contact, and thereby promotes a sound and permanent cure.

Gout and Rheumatism.

To sufferers from the racking pains of Rheumatism and Gout this Ointment will prove invaluable. After fomentation with warm water the soothing action of this Ointment is most remarkable; it seems at once to lessen inflamation, ease pain, reduce the swelling, restore natural circulation, and expels the disease. For the above complaints Holloway's Ointment and Pills are infallible spe

Diptheria, Bronchitis, Sore Throats, Coughs and Colds.

This class of diseases may be cured by well rubbing the Ointment, three times a day, upon the throat, chest and back of the patient It will soon penetrate and give immediate relief. In all stages of Influenza, Colds and Bronchitis, this treatment may be followed with efficiency and safety—indeed, it has never been known to fail.

All Varieties of Skin Diseases, Scrofula and Scurvy.

This Ointment is a certain cure for Ringworm, Scurvy Scrofula or King's Evil, and the most inveterate skin diseases to which the human race is subject. They can not be treated with a safer or more speedy remedy than Holloway Ointment, assisted by his celebrated Pills which act opowerfully on the constitution and so purify the blood that these disorders are completely eradicated from the system, and a lasting cure obtained

Dropsical Swellings.

Beware of this dangerous and stealthy complaint which frequently creeps upon us by slight squeamishness or trifling jaundice, of which little or no notice is taken until the legs begin to swell. The cause of the evil must be looked to in the liver and stomach, therefore set to work earnestly by taking Holloway's famous Pills according to the printed instructions and rubbing the Ointment very effectively over the pit of the stomach and right side where those organs lie. Most dropsical cases will readily yield to the combined influence of the Ointment and Pills.

Piles, Fistulas, and Internal Inflammation.

These complaints are most distressing to both body and mind, its delicacy concealing them from the knowledge of the most intimate friends. Persons suffer for years from piles and similar complaints when they might use Holloway's Ointment with instant relief, and effect their own cure without the annoyance of explaining their ailment to anyone

Disorders of the Kidneys, Stone and Gravel.

Are immediately relieved and ultimately cured if this Ointment be well rubbed twice a day, into the small of the back, over the regions of the kidneys to which it will gradually penetrate and in almost every case give immediate relief; but perseverance will be necessary to effect a to rough cure.

{Both the Ointment and Pills should be used in the following cases:—

Bad Legs,	Cancers,	Scalds,
Bad Breasts,	Contracted and	Sore Nipples,
Burns,	Stiff Joints,	Sore Throats,
Bunions	Elephantiasis,	Skin Diseases

Ayer's CATHARTIC PILLS.

Are you sick, feeble, and complaining? Are you out of order, with your system deranged, and your feelings uncomfortable? These symptoms are often the prelude to serious illness. Some fit of sickness is creeping upon you, and should be averted by a timely use of the right remedy. Take Ayer's Pills, and cleanse out the disordered humors—purify the blood, and let the fluids move on unobstructed in health again. They stimulate the functions of the body into vigorous activity, purify the system from the obstructions which make disease. A cold settles somewhere in the body, and obstructs its natural functions. These, if not relieved, react upon themselves and the surrounding organs, producing general aggravation, suffering, and disease. While in this condition, oppressed by the derangements, take Ayer's Pills, and see how directly they restore the natural action of the system, and with it the buoyant feeling of health again. What is true and so apparent in this trivial and common complaint, is also true in many of the deep-seated and dangerous distempers. The same purgative effect expels them. Caused by similar obstructions and derangements of the natural functions of the body, they are rapidly, and many of them surely, cured by the same means. None who know the virtues of these Pills, will neglect to employ them when suffering from the disorders they cure.

Statements from leading physicians in some of the principal cities, and from other well-known public persons:

From a Forwarding Merchant of St. Louis, Feb 4, 1856.

DR. AYER: Your Pills are the paragon of all that is great in medicine. They have cured my little daughter of ulcerous sores upon her hands and feet that had proved incurable for years. Her mother has been long grievously afflicted with blotches and pimples on her skin and in her hair. After our child was cured, she also tried your Pills, and they have cured her. ASA MORGRIDGE.

As a Family Physic.

From Dr. E. W. Cartwright, New Orleans.

Your Pills are the prince of purges. Their excellent qualities surpass any cathartic we possess. They are mild, but very certain and effectual in their action on the bowels, which makes them invaluable to us in the daily treatment of disease.

Headache, Sick Headache, Foul Stomach.

From Dr. Edward Boyd, Baltimore.

DEAR BRO. AYER: I cannot answer you *what* complaints I have *cured* with your Pills better than to say *all that we ever treat with a purgative medicine.* I place great dependence on that effectual cathartic in my daily contest with disease, and believing, as I do, that your Pills afford us the best we have, I of course value them highly.

PITTSBURG, Pa., May 1, 1855.

DR. J. C. AYER. Sir: I have been repeatedly cured of the worst *headache* anybody can have by a dose or two of your Pills. It seems to arise from a foul stomach, which they cleanse at once.

Yours with great respect, ED. W PREBLE.
Clerk of Steamer Clarion.

Bilious Disorders—Liver Complaints.

From Dr. Theodore Bell, of New York City.

Not only are your Pills admirably adapted to their purpose as an aperient, but I find their beneficial effects upon the Liver very marked indeed. They have in my practice proved more effectual for the cure of *bilious complaints* than any one remedy I can mention. I sincerely rejoice that we have at length a purgative which is worthy the confidence of the profession and the people.

DEPARTMENT OF THE INTERIOR,
Washington, D. C., 7th Feb., 1856.

SIR: I have used your Pills in my general and hospital practice ever since you made them, and cannot hesitate to say they are the best cathartic we employ. Their regulating action on the liver is quick and decided, consequently they are an admirable remedy for derangements of that organ Indeed, I have seldom found a case of *bilious disease* so obstinate that it did not readily yield to them. Fraternally yours, ALONZO BALL, M. D.,
Physician of the Marine Hospital.

Dysentery, Diarrhœa, Relax, Worms.

From Dr. J. G. Green, of Chicago.

Your Pills have had a long trial in my practice, and I hold them in esteem as one of the best aperients I have ever found. Their alterative effect upon the liver makes them an excellent remedy, when given in small doses for *bilious dysentery and diarrhœa.* Their sugar-coating makes them very acceptable and convenient for the use of women and children.

Dyspepsia, Impurity of the Blood.

From Rev. J. V. Himes, Pastor of Advent Church, Boston.

DR. AYER: I have used your Pills with extraordinary success in my family and among those I am called to visit in distress. To regulate the organs of digestion and purify the blood, they are the very best remedy I have ever known, and I can confidently recommend them to my friends.

Yours, J. V. HIMES.

WARSAW, Wyoming Co., N. Y., Oct. 24, 1855.

DEAR SIR: I am using your Cathartic Pills in my practice, and find them an excellent purgative to cleanse the system and *purify the fountains of the blood.* JOHN G. MEACHAM, M. D

Constipation, Costiveness, Suppression, Rheumatism, Gout, Neuralgia, Dropsy, Paralysis, Fits, etc.

From Dr. J. P. Vaughn, Montreal, Canada.

Too much cannot be said of your Pills for the cure of *costiveness.* If others of our fraternity have found them as efficacious as I have, they should join me in proclaiming it, for the benefit of the multitudes who suffer from that complaint, which, although bad enough in itself, is the progenitor of others that are worse. I believe *costiveness* to originate in the liver, but your Pills affect that organ and cure the disease.

From Mrs. E. Stuart, Physician and Midwife, Boston.

I find one or two large doses of your Pills, taken at the proper time, are excellent promotives of the *natural secretion* when wholly or partially suppressed, and also very effectual to *cleanse* the *stomach* and *expel worms.* They are so much the best physic we have that I recommend no other to my patients.

From the Rev. Dr. Hawkes, of the Methodist Episcopal Church.

PULASKI HOUSE, Savannah, Ga., Jan. 6, 1856.

HONORED SIR: I should be ungrateful for the relief your skill has brought me if I did not report my case to you. A cold settled in my limbs and brought on excruciating *neuralgic pains,* which ended in *chronic rheumatism.* Notwithstanding I had the best of physicians, the disease grew worse and worse, until by the advice of your excellent agent in Baltimore, Dr. Mackenzie, I tried your Pills. Their effects were slow, but sure. By persevering in the use of them, I am now entirely well.

SENATE CHAMBER, Baton Rouge, La., 5 Dec., 1855.

DR AYER: I have been entirely cured, by your Pills, of *Rheumatic Gout*—a painful disease that has afflicted me for years. VINCENT SLIDELL.

☞ Most of the Pills in market contain Mercury, which although a valuable remedy in skilful hands, is dangerous in a public pill, from the dreadful consequences that frequently follow its incautious use. These contain no mercury or mineral substance whatever.

Price, 25 cents per Box, or 5 Boxes for $1.

THE GRAND PROMOTERS OF HEALTH.

HOLLOWAY'S PILLS.

The grand secret of attaining happiness is to secure good health, without which life is stripped of its pleasures. The first irregularity of any function should be checked and set right by appropriate doses of these fine purifying Pills, which strengthen the system by thoroughly cleansing the blood from all impurities. They balance disordered action, remove the cause of disturbance and restore its normal and natural power to every organ, without inconvenience, pain or any other drawback

Derangement of the Bowels, Liver and Stomach Complaints.

This medicine is so well known in every part of the world, and the cures effected by its use are so wonderful as to astonish every one. Its pre-eminence as a remedy for billious and liver complaints and derangements of the stomach and bowels, is no longer a matter of dispute or doubt. In these diseases the beneficial effects of Holloway's invaluable Pills are so permanent and extensive that the whole system is renovated, the organs of digestion strengthened, and full and easy assimilation promoted, so that both physical and moral energy are increased,

Determination of Blood to the Head.

This is generally occasioned by some irregularity of stomach and bowels, which, if not quickly attended to, frequently terminates fatally. A few doses of these famous Pills never fail to give tone to the stomach regularity to the secretions, and purity to the fluids. Vertigo dimness of sight and other indications of approaching apoplexy, are entirely dissipated by a course of this admirable medicine.

The Female's Best Friend

For all debilitating disorders peculiar to the sex and in every contingency perilous to the life of women, youthful or aged, married or single, this mild but speedy remedy is recommended with friendly earnestness. It will correct all functional derangements to which they are subject.

Scrofula and all Skin Diseases.

For all skin diseases, however inveterate, these medicines are a sovereign remedy While the Pills act upon the blood, which they purify, the ointment passes through the pores of the skin, and cleanses every structure, as water saturates the soil or as salt penetrates meat. The whole physical machinery is thus rendered healthy, regular and vigorous

Coughs, Colds and Asthmas.

No medicine will cure colds of long duration or such as are settled upon the chest so quickly as these famous Pills. Even in cases where the first stage of asthmas has appeared these Pills may be relied on as a certain and never failing remedy, particularly if the Ointment be simultaneously well rubbed into the chest and throat night and morning

Indigestion—Billious Headache.

These complaints may sometimes be considered trifling but it should be borne in mind that by inattention and neglect, they often end most seriously. Give early enough to a deranged stomach take Holloway's Pills, rub his celebrated Ointment over the pit of the stomach, and you will shortly perceive a change for the better in your digestion, spirits, appetite, strength and energy. The improvement, though it may be gradual will be thorough and lasting.

Holloway's Pills are the best remedy known in the world for the following diseases:

Ague	Female Irregularities	Scrofula King's Evil
Asthma	Fevers of all kinds	Sore Throats
Billious Complaints	Fits	Stone and Gravel
Blotches on the Skin	Gout	Secondary Symptoms
Bowel Complaints	Headache	Tic-Douloureux
Colics	Indigestion	Tumours
Constipation the Bowels	Inflammation	Ulcers
Consumption	Jaundice	Venereal Affections
Debility	Liver Complaints	Worms of all kinds
Dropsy	Lumbago	Weakness, from whatever cause
Dysentery	Piles	
Erysipelas	Rheumatism	
&c.	Retention of Urine &c.	&c.

CHLORODYNE.

DR. J. COLLIS BROWNE'S CHLORODYNE. Vice-Chancellor Sir W. Page Wood stated publicly in court that Dr J. Collis Browne was undoubtedly the inventor of Chlorodyne, that the whole story of the defendant Freeman was deliberately untrue, and he regretted to say it had been sworn to. See the TIMES, July 13th, 1864.

Dr J. Collis Browne's Chlorodyne—The Right Hon Earl Russell communicated to the College of Physicians and J T Davenport, that he had received information to the effect that the only remedy of any service for Cholera was Chlorodyne. See LANCET, Dec. 31, 1864.

Dr J. Collis Browne's Chlorodyne—Extract from MEDICAL TIMES, Jan 12th, 1866:—'Is prescribed by scores of orthodox medical practioners. Of course it would not be thus singularly popular did it not supply a want and fill a place.'

Dr J. Collis Browne's Chlorodyne is the best and most certain remedy in Coughs, Colds, Asthma, Consumption, Neuralgia, Rheumatism, &c.

Dr J. Collis Browne's Chlorodyne is a certain cure in Cholera, Dysentery. Diarrhœa, Colics, &c.

Dr. J. Collis Browne's Chlorodyne—Extract from the General Board of Health, London, as to its efficacy in Cholera—'So strongly are we convinced of the immense value of this remedy, that we cannot too forcibly urge the necessity of adopting it in all cases.' From A. Montgomery, Esq., late Inspector of Hospitals, Bombay—'Chlorodyne is a most valuable remedy in Neuralgia, Asthma and Dysentery. To it I mainly owe my restoration to health after eighteen months' severe suffering and when all other medicines had failed.'

Dr. J. Collis Browne's Chlorodyne.—CAUTION—None genuine without the words 'Dr. J. Collis Browne's Chlorodyne' on the Government Stamp. Overwhelming medical testimony accompanies each bottle. Sole Manufacturer J. T. Davenport, 33 Great Russell street, Bloomsbury London. The immense demand enables the proprietors to reduce the price; it is now sold in bottles, at 1½; 2s 9d; 4s 6d and 11s.
